

SUSTAINABLE STAY

MARK YOUR SUSTAINABLE CHOICES BELOW AND ENJOY YOUR SUSTAINABLE STAY AT CLARION HOTEL SIGN

MSC/ASC

We only serve fish from suppliers that meet environmental and social requirements, a guarantee that the food served is sustainable.

I always choose MSC / ASC-labeled fish

ISO 14001

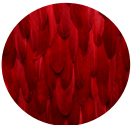

Clarion Hotel Sign is ISO 14001 certified, an eco-label that means that we measure and follow up energy and waste for one sustainable environment.

I'm thinking about my energy consumption

NO FEATHERS

To draw attention to the welfare of the animals, we opt out of all use of feathers. An Easter at Clarion Hotel is a featherless Easter!

I do not buy feather products

FAIRTRADE BREAKFAST

We work actively to reduce food waste. Among other things, through smaller plates at breakfast, so that you do take more than you can eat.

I've eaten Clarion Hotel Sign's breakfast

SOLAR POLAR

On our roof is one of Stockholm's largest photovoltaic systems and all electricity generated (91,500 kWh per year) goes directly back to the hotel.

Congratulations, we will check this box for you!

GOOD FOR YOU & THE PLANET

In our bars and restaurants we take care of all the food and don't throw away food that can be used. For example: a lime is taken care of in three different ways - all to reduce food waste.

I have had lunch or dinner at the hotel

PRIDE

We are a proud partner of Pride and are passionate about the equal value of people and that you should be able to love whoever you want - we have room for all!

I agree 100%

GOOD NEIGHBOUR

To create a safe Stockholm, we work actively with the network Restaurants Against Drugs and supports the organization Trygga Barnen (safe kids)

Congratulations, we will check this box for you!

GREEN GYM

Our gym offers "green machines" that use the energy from training out to Stockholm's electricity grid. It also offers free group training several days a week.

I have trained at the Fit & Fab gym

REDUCE PLASTIC

In 2019, we removed all unnecessary use of disposable plastic and in the long run we are investing in becoming a completely plastic-free hotel.

I avoid plastic as much as I can

LONLEY CHRISTMAS TREE

Before each Christmas, you can donate a Christmas presents to us, that we will give to Unga Station and their Christmas celebrations for children in financially vulnerable families.

I have / will submit a Christmas present under the Christmas tree

A SUSTAINABLE START

Do not miss the hotel's Monday breakfasts "A Sustainable Start" where we will dive deep into the UN's 17 global goals and together we create actions to take the next step in the subject.

I have / will attend a breakfast seminar

COULD YOU CHECK ALL THE BOXES? WOW, GOOD JOB!

You can leave the note at the reception with your information on and you will have the opportunity to win a new Sustainable Stay overnight!
